

# Faces101

with Carla Sonheim

**Assignment:** Print out this page. Find two small items about the size of a dime. (Heck! Make it two dimes!) Your assignment is to place the dimes on the oval below as “eyes,” anywhere on the page. Draw this face in one of the ovals, right. Now move the dimes far apart. Draw that face. Move the dimes up, down all around. Keep drawing faces.

Do you see how the expressions change so much with just a little movement? That is the power of line!!
